

Why is this survey important? In this survey we will ask you questions about you and your biological family's history of brain-related diseases and disorders. Your answers to these questions are important to us because we are interested in exploring the links between health and brain performance.

Please only reference your biological family when answering these questions.

How long will this survey take to complete? 10 minutes or less.

For each disease or disorder listed please check the box to indicate which biological family member has/had this disease or disorder. If the disease or disorder is not found in your family, please check the box in the column labeled "None".

Addiction [All Types]

Alzheimer's Disease (AD)

Amyotrophic Lateral Sclerosis (ALS)

Aneurysm

Aphasia

Anorexia Nervosa

Arteriovenous Malformation

Attention Deficit Hyperactivity Disorder (ADHD)

Autism

Batten Disease

Behcet's Disease

Bipolar Disorder (BPD)

Brain Tumor or Brain Cancer

Bulimia

Chiari Malformation

Chronic Inflammatory Demyelinating Polyneuropathy

Cluster Headache

Concussion

Creutzfeldt-Jakob Disease (CJD)

Dementia (Non-Alzheimer type)

Depression

Down Syndrome

Dyslexia

Dyspraxia

Dystonia

Encephalitis

Epilepsy / Seizures

Essential Tremor

Friedreich's Ataxia

Gaucher Disease

Generalized Anxiety Disorder

Guillain-Barre Syndrome

Headaches (various types)

Huntington's Disease (HD)

Hydrocephalus

Leukodystrophy
